

Your bottle baling solution.

Specially designed to bale all types of hollow plastic products such as PET bottles, disposable plastic tableware, HDPE/PP jars, jerrycans and drums, etc. The extended rams ensure that even bottom products of the bale can be compacted.

Choose from our various models to meet your baling demands today.

BOTTLE BALERS

SERIES 1 // SVBB2-200 . SVBB2-300 . SVBB2-400 . SVBB2-500 . SVBB2-700

CUSTOMIZED // MADE-TO-ORDER MODELS ARE AVAILABLE

FEATURES

Automatic Bale Ejector

efficiency removes bales from the compressing chamber

Longer Stroke

for efficiently compacting hollow articles

Liquid Draining Device

is optional for draining the liquid in the bottles

Specifications

MODEL	SVBB2-200	SVBB2-300	SVBB2-400	SVBB2-500	SVBB2-700
Compressing Force	20Tons	30Tons	40Tons	50Tons	70Tons
Feed Opening Size (L * H)	800*500mm	800*500mm	1100*500mm	1100*500mm	1500*600mm
Bale Size	800*600*(200-600)mm	800*600*(200-600)mm	1000*700*(300-700)mm	1100*700*(300-700)mm	1500*760*(400-1200)mm
Compressing Chamber Size	800*600*1500mm	800*600*1500mm	1100*700*1700mm	1100*700*1700mm	1150*760*1700mm
Bale Weight (approx.)	40-100kg	50-120kg	100-200kg	120-250kg	200-400kg
Voltage (customizable)	380V, 3Phase, 50Hz	380V, 3Phase, 50Hz	380V, 3Phase, 50Hz	380V, 3Phase, 50Hz	380V, 3Phase, 50Hz
Power	3kw	5.5kw	7.5kw	7.5kw	15kw
Machine Weight (approx.)	1100kg	1250kg	1700kg	1900kg	2500kg
Overall Dimension	1180*800*3850mm	1280*800*3850mm	1480*900*3850mm	1580*900*3850mm	1950*1100*4100mm

* Unit bale weight depends on the material used and bale size you adjust
